CHRIST COLLEGE RESEARCH SEED FUND (CCRSF)

About CCRSF:

Management of Christ College is dedicated to the promotion of scientific research and propagation of new knowledge to the society. New faculties being appointed in Christ College comes from renowned research institutes from home country as well as abroad. To promote the research culture and help them to continue their scientific pursuit, College management has instituted a fund to be distributed annually to Research guides of the Institution. The Christ College Research Seed Fund (CCRF) constitutes of a total amount Rs. 100,000/- which will be distributed to two research proposals (Rs.50,000 each). The Management has also decided to institute a Special Seed Fund, if special proposals are made available from Researchers. College Management has also established a Research Project Money to research loving teaching faculty of Self-financing programs who may not be getting project money from Government agencies ranging from Rs. 10,000/- to Rs. 25,000/-. College shall bear the publication charges of research papers (if any) of teaching staff.
