Following is the data analysis report on the Examination results of Semester 1 of UG 2020 admissions prepared by IQAC. The data was retrieved from Consolidated mark statements through College ERP. The obtained data from ERP was processed using Microsoft Excel and Power bi. The Semester Grade Point Average (SGPA) were converted to rank and compared against the rank (from qualifying examination). The difference is identified as the Relative Progress.

Follow up actions

Head of the Department / Programme Coordinator are directed to discuss the results in Department meetings and corrective actions should be taken.

The toppers and students showing positive relative progress may be appreciated.

Special coaching to be given for students who are having negative relative progress.

Students who are having highly negative student progression (highlighted in red)- Separate counselling session should be arranged. Parents are to be informed if necessary.

Note:

Students having grade IC:

- a. Students whose results are pending for various reasons (failure, incomplete submission of assignments, internals etc.)**
- b. Students who have taken TC and left college after registration**
