ASER is the largest annual household survey carried out by our citizens of India to understand whether children are enrolled in school or whether they are learning. ASER (Annual Status of Education Report) is an annual survey that aims to provide reliable annual estimates of children's schooling status and basic learning levels for each state and rural district in India. It is the largest citizen-led survey in India, and is also the only annual source of information on children's learning outcomes available in India today. Our msw 3rd sem students participated in survey and report preparation on 22 to 25 November 2018.

MEANS OF VERIFICATION:

**Activity Report 2018-19**

**ROLE AS TRAINEE:** Surveyors are provided with a village pack containing all the tools, formats, instructions, and communications materials to be used in the village. Prior to beginning the survey, all surveyors are trained on these processes and materials during the district level training workshop. Being part of a National survey and thus could render the man power of the trainees.

**EVALUATION:** It was a great opportunity for the social work trainees to be a part of ASER for those four days of training and survey. Trainees could understand valuable knowledge about how an ASER survey is being done.
