Adding Admin Accounts

Modified on: Fri, 24 Jul, 2020 at 12:12 PM

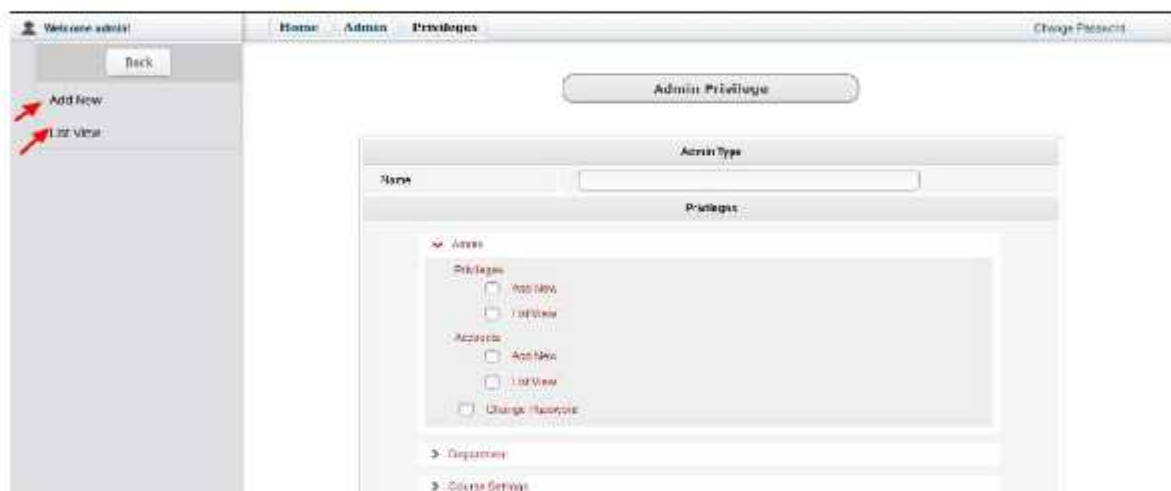

Privileges

This option is used to set privileges before creating a new admin account.

It enables user to add and list privileges for a new admin account.

Admin can create privilege to himself and other faculties using **Add New**.

He/She can choose from the given services he wishes to add to the newly created privilege.

The newly created admin name can be seen in the listview.

If admin want to make any changes in the privileges of newly created admin 'edit' option can be chosen.

The admin can delete the entries using the 'delete' option from list view.

Accounts

Once the privileges are created, admin can create account for new admin.

Admin can create account by clicking on **Add New**.

Give **desired login name** for the new admin.

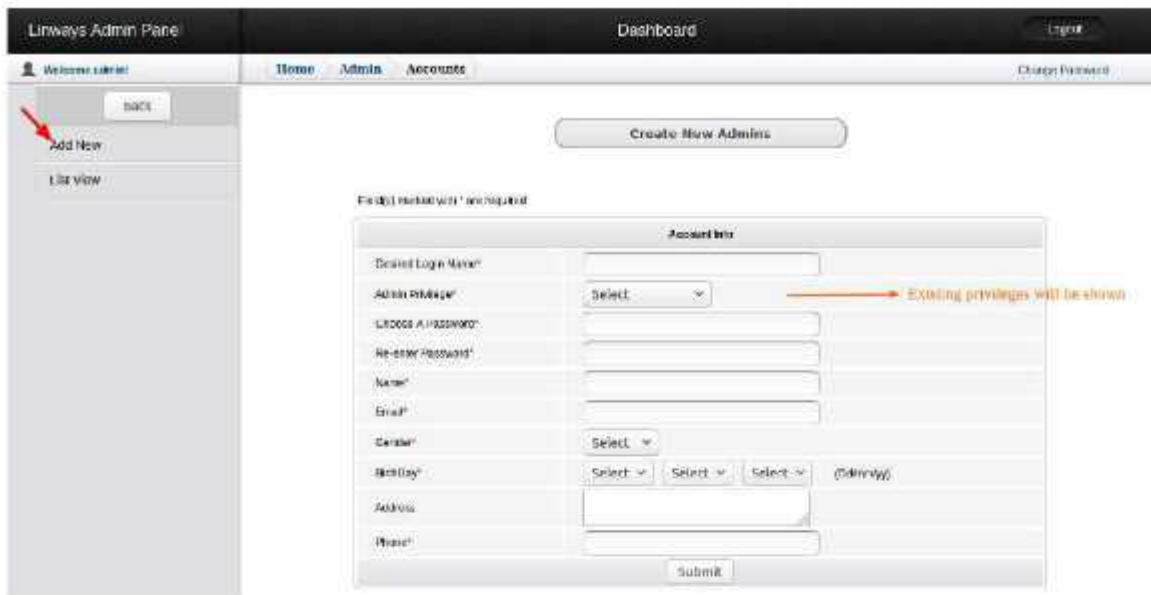

The 'Admin Privilege' that has already been created will be displayed. Admin can choose the desired privilege.

Enable a proper password for the admin in 'Choose a password'.

Type the required details including name, email, birth date, gender, address, phone number, etc., in the consecutive fields.

After entering all details click the 'submit' button.

Exam Automation Manual

By clicking on 'list view' we can see the already created list of admins.

There is option to edit the admin details by choosing the 'Edit' option.

We can delete an admin by choosing the admin to be deleted by clicking on the check box and then clicking on the 'Delete' option.

Change Password

This enables admin to change his/her password.

By clicking on change password, admin can enter the new password opposite the field that says 'New Password'.

At first, the admin has to enter the 'old password', that is the password that was first given to him/her or the password that he wants to change.

Exam Automation Manual

Define Rule

HOD can set the no. of hours in the morning session. (Scenario is: Suppose morning session hours set by HOD as 3. Then if a student is absent in any of an hour in the morning session, then in reports it will be the student is absent for entire morning session. Similarly for evening sessions too. This is not mandatory).

If to count attendance from admission date check there. HOD should set the the class starting date(Mandatory for report generation). Class end date can be set so that inside student login attendance will be shown only till the end date.

Grant Duty Leave

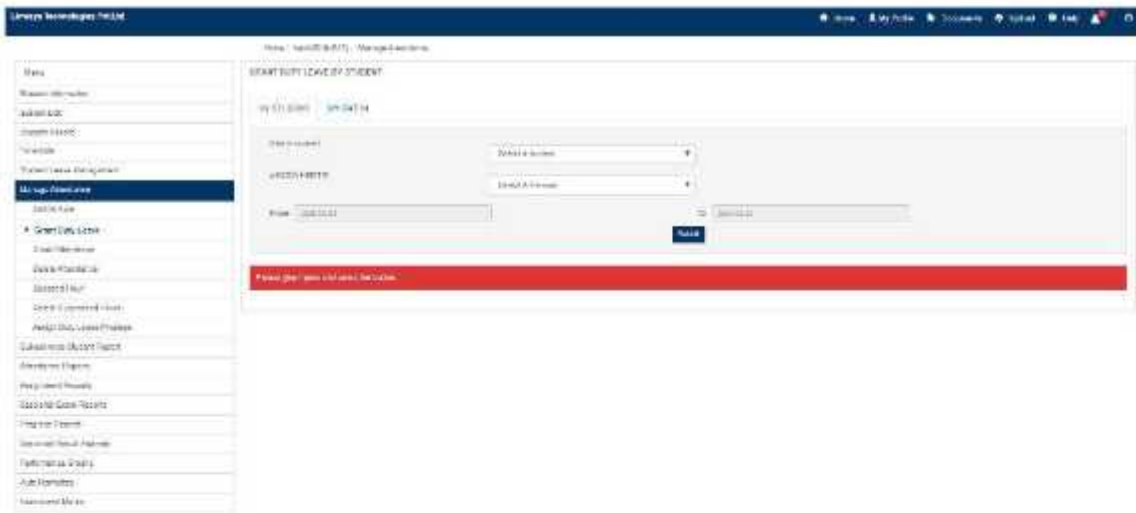

If students need to take duty leave, then Principal can grant duty leave for them.

Here we have two options:

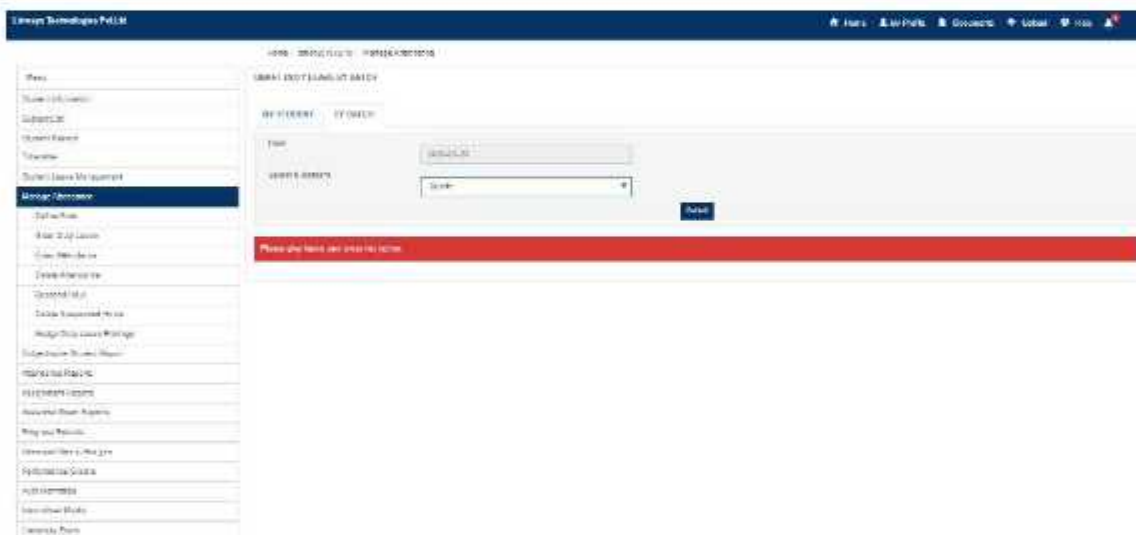

1. By student
2. By Batch

Exam Automation Manual

By student Here HOD can grand duty leave for each students.

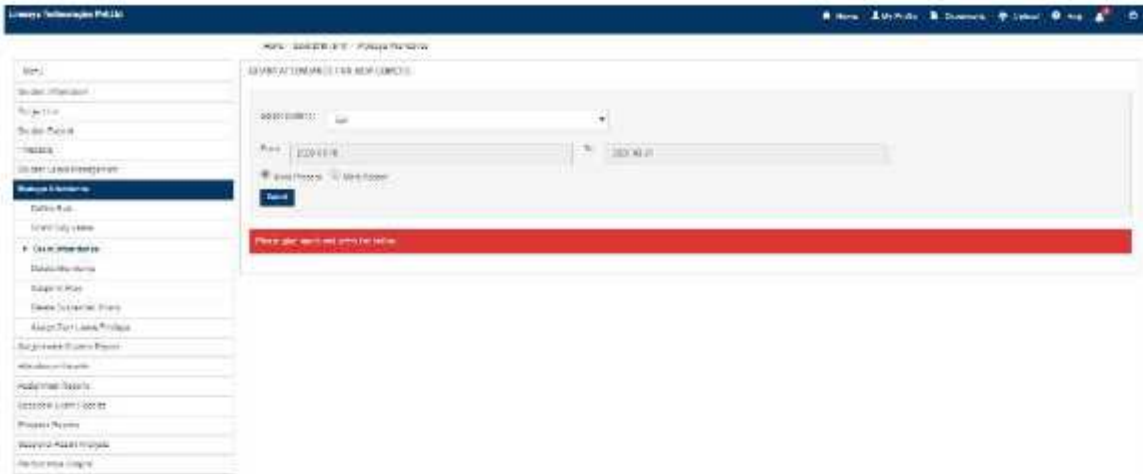

By Batch This option is used if HOD wants to grand duty leave for the entire batch.

Grant Attendance

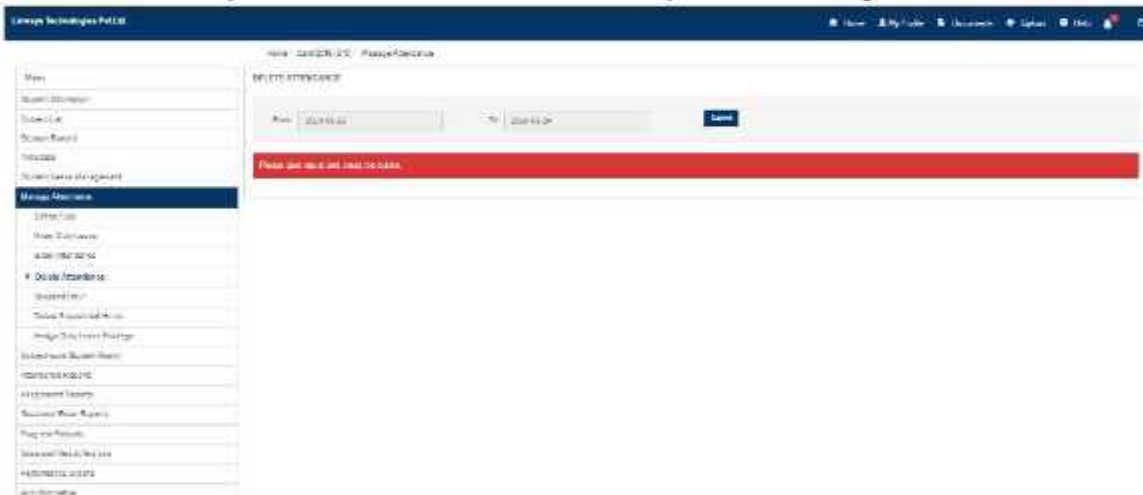

If students come after class start date, then HOD can grant present/absent for selected students.

Exam Automation Manual

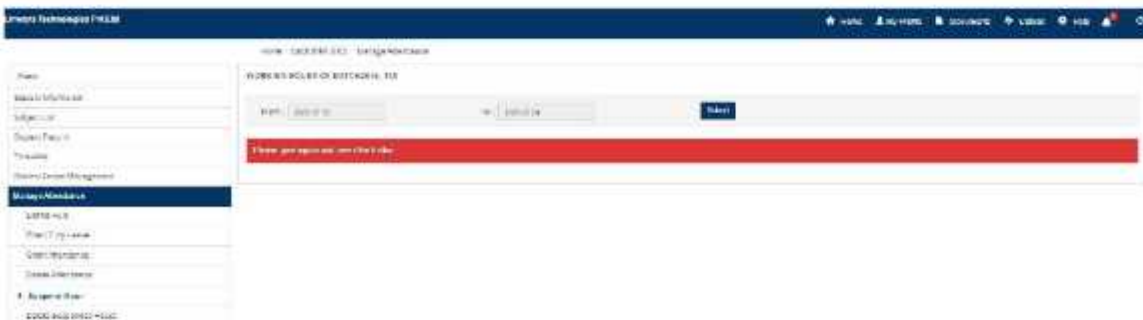

Delete Attendance

HOD can only delete attendance once it is confirmed by staff from their login.

Suspend Hour/Delete Suspend Hour

HOD can suspend selected hours or delete already suspended hours if any.

Mark List Subject Categories

After mapping the subjects of a batch in the sem wise subject categories option, we need to map those subject categories on the basis whether :

- 1.They are second languages
- 2.Open course
- 3.Another name to be displayed in mark card

So when some subjects are mapped to this particular subject category, the name will be displayed in the consolidated mark card accordingly.

To do the same, go to the option:

This document explains how Online Exams can be conducted through Linways. Please refer to the following steps for familiarizing with it.

FACULTY SIDE:

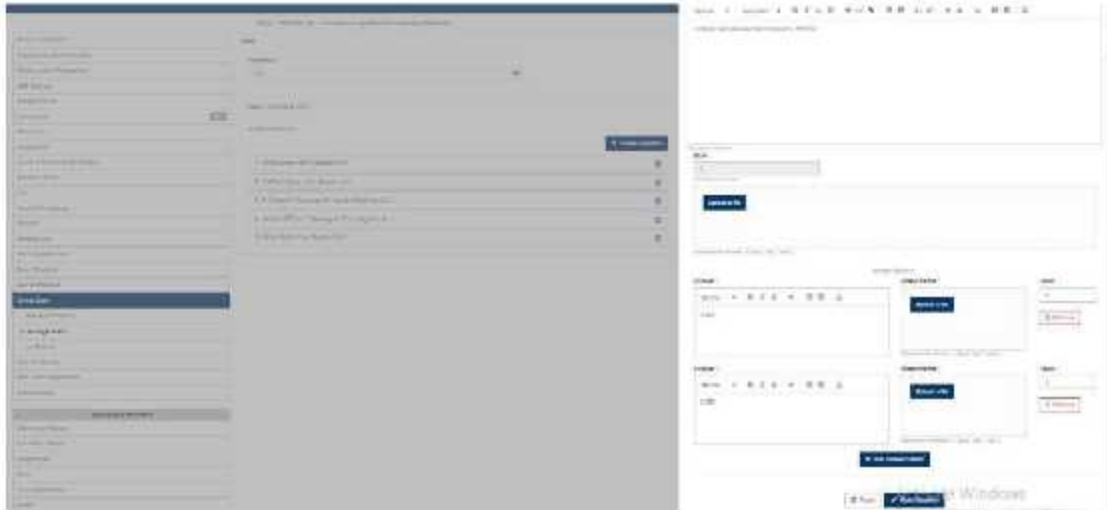

In the left side Menu, a new option **Online Exam** can be seen.

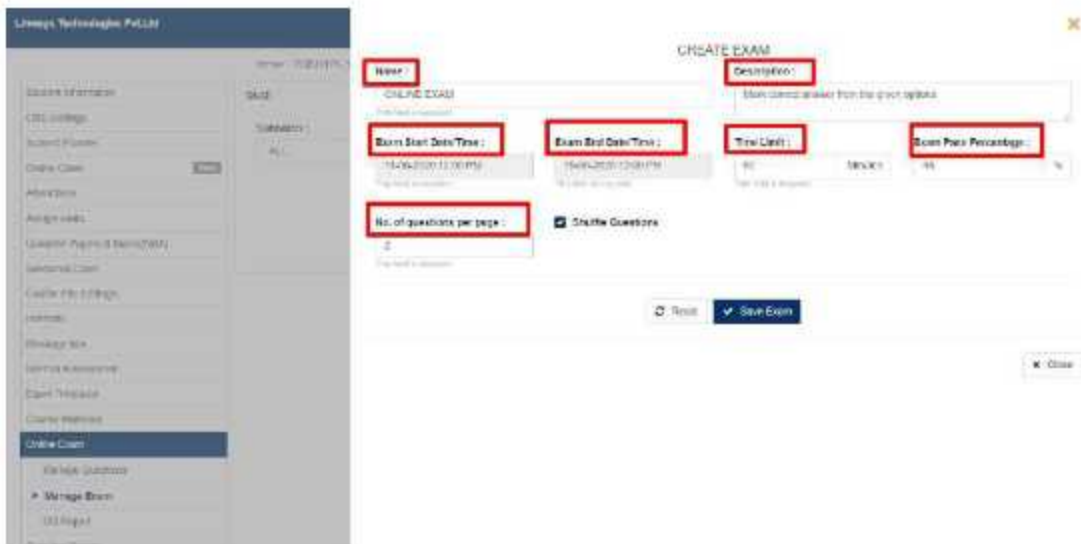

Manage Questions: Here, the staff can add questions and its corresponding options. These questions will be added in the Question Pool.

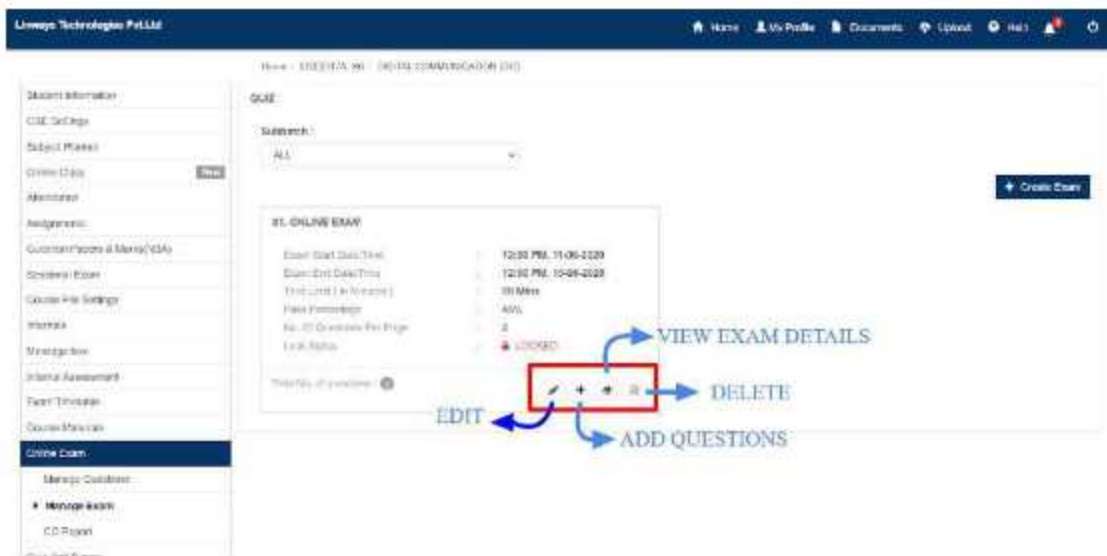

For adding questions, click on **Create Question** and add questions and options as seen below and save it.

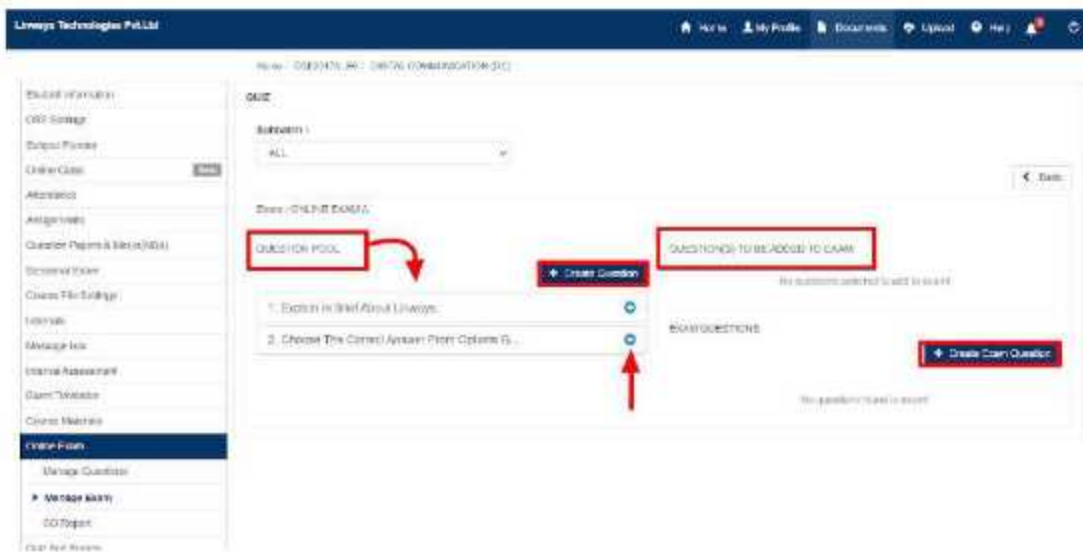

Manage Exam: In this option, staff can create new exams and add questions to it. For creating an exam, we must provide details as shown in the image below and then save it.

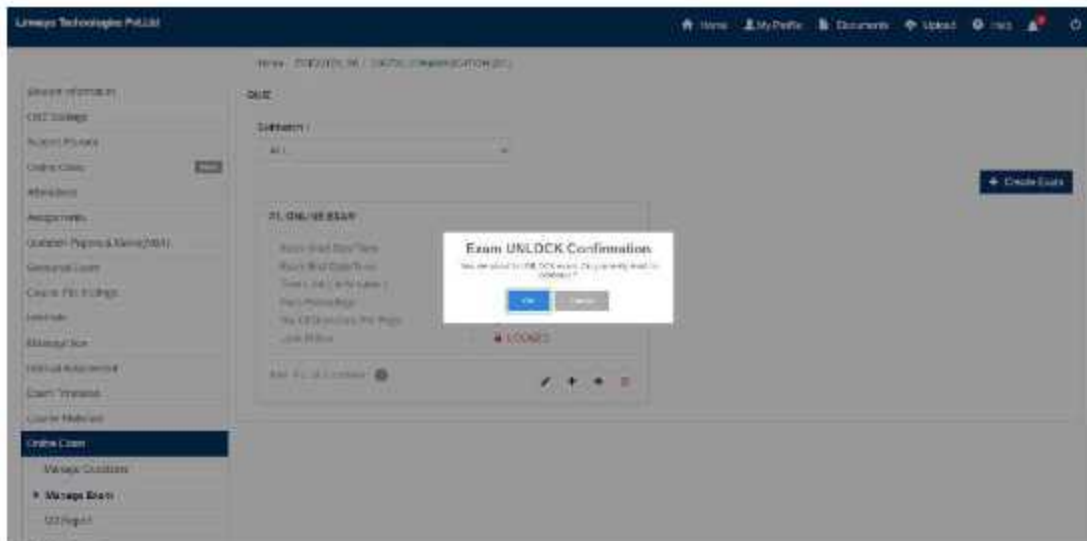

Once the exam is created, its details shall be seen as below. In order to Edit, Add Questions, View and Delete the exam, click on the icons that are highlighted in this image.

Questions to the exam can be added either from the Question Pool (added from Manage Questions) or directly add to the created exam. Questions which are directly added to the exam will be later included in the Question Pool also.

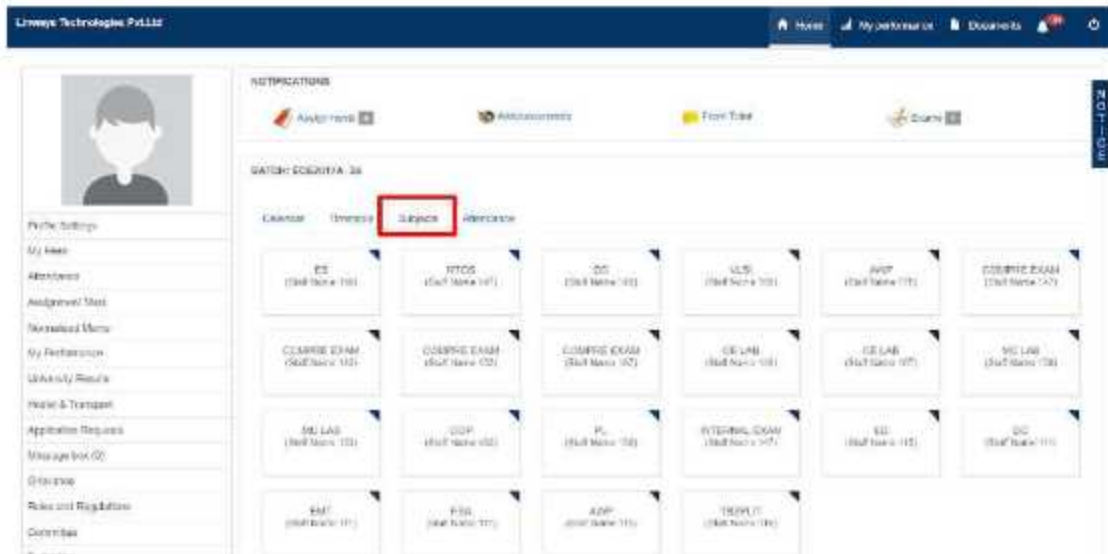

For unlocking the created exam, go to Manage Exam where you can see Lock status of the exam as "Locked". Click on it and it will show a confirmation message to Unlock as seen below. Click OK to confirm unlocking the exam.

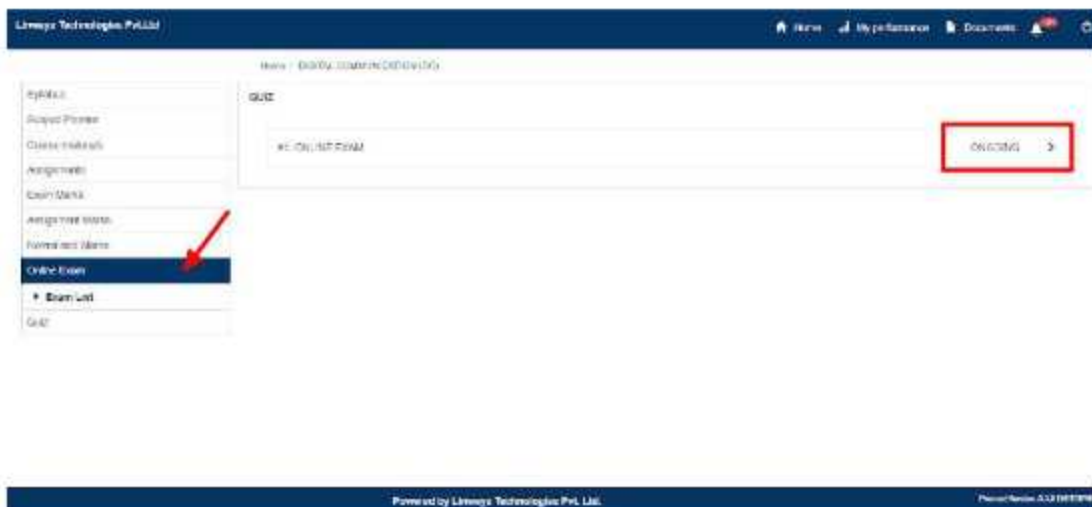

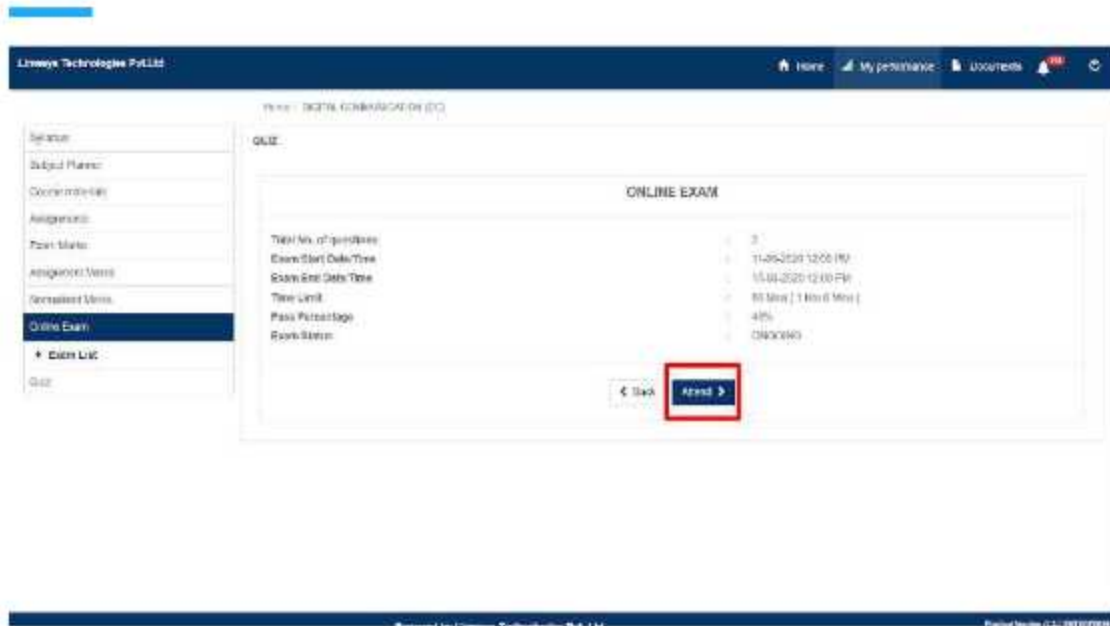

STUDENT SIDE:

In the Home Page, Go to Subjects tab and select the tile of Subject for which the Online exam has to be attended.

Select **Online Exam >> Exam List** where the student can see the list of ongoing exams. On clicking, it will be redirected to the created exam's information and can attend there.

Click on Attend and it will take students to the examination

EXAM RESULT:

The results of the Exam will be available for Staff and Students only after the ending time defined in examination details. Staff can see the result as seen below:
