COMPETITIVE LEVEL EXAM COACHING PROGRAM

Welcome to the comprehensive report detailing the successful implementation of the Competitive Level Exam Coaching Program at Christ College Autonomous. This initiative reflects our dedication to nurturing and preparing students for the challenges posed by various competitive examinations, fostering a culture of academic excellence and professional achievement.

Background:

In the contemporary landscape of higher education, competitive examinations have become the cornerstone for entry into prestigious academic and professional avenues. Recognizing the aspirations of our students to excel in these examinations, Higher education and competitive examination cell took the initiative to establish a specialized coaching program tailored to the demands of competitive level exams.

Objectives:

The primary objectives of the Competitive Level Exam Coaching Program were:

To Enhance Academic Proficiency: Provide targeted coaching to students aspiring to excel in competitive exams, covering a comprehensive range of subjects and exam patterns.

To Develop Exam Strategies: Equip participants with effective time management, problemsolving skills, and exam strategies crucial for success in competitive exams.

To Facilitate Personalized Guidance: Offer personalized mentoring and support, recognizing the unique needs and strengths of each participant.

Scope:

This coaching program, spanning [duration], was open to students across various disciplines and academic years who aimed to participate in competitive-level examinations. The program aimed not only to impart subject-specific knowledge but also to cultivate a mindset conducive to success in competitive environments.

Program Structure:

The coaching program was meticulously designed, featuring a structured curriculum delivered through a combination of lectures, workshops, and practice sessions. Our team of experienced faculty, consisting of 5 qualified instructors with expertise in competitive exam content, played a pivotal role in guiding and mentoring participants throughout the program.

Participants:

The program attracted enthusiastic participation from a diverse group of students, each driven by the ambition to succeed in competitive examinations. Their commitment and active engagement contributed significantly to the overall success of the coaching initiative.

In the following sections of this report, we will delve into the specifics of the program, including its design, implementation, participant feedback, and recommendations for future iterations. We invite you to explore the achievements and impact of this initiative, showcasing our commitment to empowering students for success in the competitive academic landscape.

REPORT OF JAM COACHING 2022-23

The JAM coaching by the P. G & Research Department of Chemistry was conducted during the year. Dr. Arun S was assigned the duty of Co-ordinator of the same. The coaching programme was targeted at the second year B. Sc students of Christ College, Irinjalakuda. 50 hours coaching plan was designed that focused on Chemistry Papers alone. The coaching programme was initiated on 26th October 2022. The classes were engaged by the faculty of the department itself. The classes were conducted offline during Saturdays and after the normal working hours during the normal working days. A total of 15 students participated in the coaching programme. The programme came to an end on 18th October 2023.

NET COACHING 2022-23

The Net Coaching program at Christ College for the academic year 2022-23 commenced on June 23, 2022. This report provides an overview of the program, highlighting its hybrid nature and the collaboration between the Department of Economics and Apple B Institute for the Learning Management System (LMS). Fifteen students were admitted for net coaching. The Net Coaching program for this academic year adopts a hybrid mode, combining online learning through Apple B Institute's Learning Management System (LMS) and offline classes organized by the Department of Economics. This hybrid approach aims to provide flexibility while maintaining the benefits of face-to-face interactions. The LMS is provided by Apple B Institute, offering a user-friendly platform for students and faculty. Features of the LMS include virtual classrooms, multimedia content, discussion forums, and assessment tools. Regular training sessions are conducted to familiarize both students and faculty with the functionalities of the LMS. The Department of Economics at Christ College is actively involved in organizing offline classes to complement online learning. Regular assessments, quizzes, and interactive sessions are conducted to gauge student understanding and participation. The hybrid mode encourages students to actively engage with both online and offline components, fostering a dynamic learning environment. Faculty members from the Department of Economics are actively involved in course planning, content delivery, and offline classes.

REPORT OF NET COACHING 2022-23

The NET coaching by the P. G Department of Commerce was conducted during the year. Ms. Shine Paul was assigned the duty of Co-ordinator of the same. The coaching programme was targeted at the first year M. Com students of Christ College, Irinjalakuda. A 50 hours coaching plan was designed that focused on Commerce Papers alone. The coaching programme was initiated on 5th November 2022. The classes were engaged by the faculty of the parent department itself. The classes were conducted offline during Saturdays and after the normal working hours during the normal working days. A total of 25 students participated in the coaching programme. The programme came to an end on 5th March 2023.

NET COACHING 2022-23

The Net Coaching program at Christ College for the academic year 2022-23 commenced on June 23, 2022. Department of Environmental science conducted offline classes to complement online learning. Regular assessments, quizzes, and interactive sessions are conducted to gauge student understanding and participation. These classes encourages students to actively engage with offline components, fostering a dynamic learning environment. Faculty members from the Department of Environmental Science are actively involved in course planning, content delivery, and offline classes

REPORT OF NET COACHING 2022-23

The NET coaching by the P. G & Research Department of Chemistry was conducted during the year. Dr. Arun S was assigned the duty of Co-ordinator of the same. The coaching programme was targeted at the first year M. Sc students of Christ College, Irinjalakuda. 48 hours coaching plan was designed that focused on Chemistry Papers alone. The coaching programme was initiated on 10th October 2022. The classes were engaged by the faculty of the department itself. The classes were conducted offline during Saturdays and after the normal working hours during the normal working days. A total of 13 students participated in the coaching programme. The programme came to an end on 19th October 2023.
