REPORT

The language lab of Christ College is led by the Department of English (Aided) and the PG Department of English (SF). Classes are conducted in the RUSA lab twice an academic year. The software which the students have been equipped with offers them wide range of opportunities to work on the language skills at their own pace. The initial class introduces them with the software and its proceedings. The importance of enhancing the language competency is identified by the student and they start working on it. The final class checks the progress of the students and required feedback and follow up activities are provided.

The first year BA English students were given an initial class in the Computer Lab on 23rd August 2022. The initial class was meant to introduce the Orell Software which is used to provide classes and activities in the language lab. Later, classes were provided through the software, which the students can use it at their own space and pace. The final session of the academic year was convened on 28th February 2023. The students have attained a minimum level of competency in building the LSRW skills.
