“EARN WHILE LEARN”

An IQAC Initiative

**PAPER RECYCLING
UNIT**

PAPER RECYCLING UNIT

In an effort to promote sustainability and reduce our environmental impact Christ College initiated the establishment of a paper recycling unit on campus. This enterprise ensures active involvement of the students instilling in them an income generative skill that can hone their prospective careers.

Objectives

The primary objective of the paper recycling unit is to reduce paper waste, conserve resources, and contribute to the institution's commitment to environmental responsibility.

A suitable location for the paper recycling unit was identified near the NCC office and the girls' restroom, considering accessibility for students and staff and proximity to existing waste management infrastructure. Necessary equipment, including paper shredders, bins, and recycling containers, was procured to facilitate the recycling process. Students responsible for managing the recycling unit underwent training on proper procedures for collecting, sorting, and processing paper waste. Recycling bins were

strategically placed throughout the campus to encourage students and staff to separate paper waste from general waste. A commendable activity of the unit during the NAAC visit was the distribution of files for documentation to every department costless and complimentary.

Outcome:

- Students develop a diverse skill set that makes them attractive to employers in various industries.
- The programme has enabled students to earn income while continuing their education, reducing financial burdens and promoting financial independence.

(PAPER RECYCLING UNIT)

Handed over of 1500 files for ASAP KERALA Skill Mela to Minister Dr R

Bindu, made in our Paper Recycling Unit at free of cost
