Dear Sir/Madam,

The Department of Computer Science, Christ College (Autonomous), Irinjalakuda is organizing National Seminar on "**Recent Developments in Computational Intelligence and Applications**" on 7th March 2020. All are cordially invited to participate in the programme.

ABOUT THE SEMINAR

The seminar will focus on Recent Developments in Computational Intelligence techniques and applications, a fast-growing and promising research topic that have drawn a great attention from researchers over the years. It brings together many different aspects of the current research on Intelligence technologies such as Artificial Intelligence, Networks, Fuzzy Logic and Deep Learning. It covers wide range of applications from pattern recognition and system modelling to intelligent control problems. It includes a set of nature-inspired computational approaches to address complex problems to which traditional methods are infeasible. This seminar will be more useful for the students and faculties to get more exposure and deep knowledge in emerging areas.

Registration Fee

Faculty - Rs.150
