24 & 25 January 2020

Conference theme

*Language, Literature and Culture:
New Derivations & Directions in Classrooms and Outside*

Dear all,

The Department of English, Christ College (Autonomous), Irinjalakuda, is organizing a two-day International Conference in association with ELTIF on 24th and 25th January 2020.

Conferences and seminars are no more exclusive gatherings of experts and scholars; they have become an integral part of the day-to-day functioning of academics of all strata students, teachers, researchers and experts. This conference is an attempt at consolidating not only the questions raised on academic platforms where language, literature and culture occupy prominence, but also leaves space for the concerns of teachers and learners.

The underlying current which unites all the prospective participants is the inquiry: "How to function more effectively in English and through English". This two-day conference offers a common platform for all the stakeholders by addressing the anguish of the learner of English and at the same time, sharing the anxiety of the creative writer too. We look forward to the young and the old, the novices and the veterans, interacting on issues related to their academic existence.
