

ALUMNI FEEDBACK ON CURRICULAM

FEEDBACK ON CURRICULAM FROM ALUMNI REPORT 2023-24

METHODOLOGY:

The institution conducted a detailed feedback survey to obtain insights from alumni about the quality and relevance of the curriculum and courses they completed during the academic year 2023-24. This initiative aimed to evaluate alumni perspectives, identify areas for improvement, and incorporate their constructive suggestions into future curriculum planning. The institution is committed to leveraging this feedback to continuously enhance the educational experience and ensure alignment with academic and professional requirements.

Survey Respondents:

The survey garnered responses from alumni who successfully completed various courses during the 2023-24 academic year.

Data Collection Method:

A direct survey approach was employed for data collection, where a structured questionnaire was provided to alumni for their responses. Feedback was captured using a five-point Likert

scale, enabling alumni to express their opinions ranging from "strongly agree" (score of 1) to "strongly disagree" (score of 5).

For reference, the questionnaire and sample responses are appended to this report. This comprehensive methodology ensures that alumni feedback is systematically analyzed and effectively integrated into curriculum development processes.

Key Suggestions from Alumni

- **Enhance Practical Learning Opportunities:** Alumni recommend incorporating more hands-on learning experiences, such as internships, fieldwork, and live projects, to bridge the gap between theoretical knowledge and real-world applications.
- **Update Curriculum Regularly:** Alumni suggest that the syllabus be updated frequently to reflect the latest industry trends, advancements, and technological developments.
- **Strengthen Career-Oriented Programs:** Introducing career-focused courses, certifications, and skill development workshops was highlighted as a way to improve employability.
- **Promote Interdisciplinary Learning:** Alumni recommend integrating interdisciplinary courses and electives to provide a broader perspective and foster innovative thinking.
- **Introduce Alumni Mentorship Programs:** Alumni propose the establishment of mentorship initiatives where they can share their professional experiences and guide current students.

- **Focus on Soft Skills Development:** The inclusion of courses or modules on communication, problem-solving, and leadership was emphasized as essential for holistic development.
- **Expand Research Opportunities:** Alumni suggest creating more avenues for collaborative and independent research, which would enhance students' academic and professional competencies.
- **Improve Digital Proficiency:** Given the increasing reliance on technology, they advocate for incorporating advanced digital tools and platforms into the curriculum to ensure students remain competitive.

These suggestions reflect the collective insights of the alumni and provide actionable guidance for further strengthening the curriculum and overall academic experience.
