DEPARTMENT OF MATHEMATICS

Introduction

The Department of Mathematics strives to integrate experiential and participatory methodologies by using teaching-learning methodologies that bring a profound learning experience for the students in the digital era. Teaching-learning method following the same traditional way of lecturing, content delivery and traditional formative assessment procedures followed are not a suitable method for assessing a learner. The teaching-learning process need to be student-centric giving emphasis on participative and experiential learning.

Programme Report : Department of Mathematics, Christ College (Autonomous), Irinjalakuda celebrated π - approximation day on 27.07.2023 with the objective of motivating students to enjoy the beauty of Mathematics. The program commenced at 1.45 p.m. with the inspiring words of Dr. Seená V, HOD, Department of Mathematics, about the significance of observing the day. Two interdepartmental competitions, Math teacher competition and Pi sudoku game were conducted with active participation of the students. The events were conducted under the guidance of organizing committee consisting of mathematics department teachers; Ms. Tintumol Sunny, Dr. Shinto K G, Fr. Dr. Vincent N S, Dr. Joju K T, Ms. Soya Tony, Dr. Seená Varghese, Ms. Mary Pauly K, Ms. Christina P J, Ms. Gifty Thomas, Mr. Anand S and with proper assistance of student coordinators Ms. Athira Ranjeeth and Ms. Ashitha M M. The event came to an end by 4.00 p.m.

2. National Mathematics Day

Programme Objectives: To develop interest and love for Mathematics among students of all streams by conducting various mathematical competitions

Programme Report: The Department of Mathematics, Christ College (Autonomous), Irinjalakuda enthusiastically celebrated National Mathematics Day on December 21, 2023 at 10:00pm. The event was inaugurated by Shinto K G, the IQAC Coordinator, adding a significant touch to the occasion. A variety of engaging activities were organized, including interdepartmental games that showcased the participants' mathematical prowess. The event featured competitions such as Sudoku, Mathematical Calculator, 2048, Puzzle-solving, and Schultz Table, providing a platform for students to showcase their mathematical acumen. The celebration not only marked the significance of National Mathematics Day but also served as a testament to the department's dedication to promoting a holistic and engaging approach to mathematics education.

Programme Attained Outcome : Students organized, conducted and participated in various mathematical competitions with great enthusiasm.

Experiential Learning

1. Math Teacher Competition

Programme Objectives: To help students develop presentation skills and get deeper into various areas of mathematics

Programme Report: As part of Pi Approximation Day celebration, Math Teacher competition was conducted on 27-07-2023 in which students of Mathematics department participated and presented various topics of mathematics.

Programme Attained Outcome: It helped the students showcase their teaching ability and to present topics with great confidence.

2. International Conference

Programme Objectives: To help students develop various skills in planning and organizing an international conference.

Programme Report: An International Conference on Graph Theory (ICGT 2024) was organized from 8th to 10th February 2024 at Fr. Jose Thekkan seminar hall. The conference was sponsored by Science and Engineering Research Board (SERB), Council of Scientific and Industrial Research (CSIR) and co-sponsored by Kerala State Council for Science, Technology and Environment (KSCSTE). There were 10 invited talks and two paper presentation sessions. 70 participants attended the conference which included faculty, research scholars and students. The students of the department were
