CIRCULAR

To ensure that plastic wastes produced inside the college campus are properly segregated in accordance with the Solid waste management Rules, 2016 and to mitigate their further negative impacts the following directions are given.

- Reduce the waste generation at source itself and it is encouraged to reuse, repair, and recycle the waste in an environmentally sound and cost-effective manner.
- Segregation of waste is to be done at the source itself and the segregated waste to be disposed in the designated waste bins installed for the purpose.
- Students are directed to follow the instructions given by the authorities and all their activities in the campus must be in compliance with the provisions of green protocol and in a responsible manner too.
