Data Analysis

using Excel

(Value Added Certificate Course)

REPORT

The course started on 5th August 2023. There were 23 M. Com students enrolled and completed the course. The course was of 30 hrs duration. Students enjoyed the group dynamics and, in their feedback, requested for more such sessions in the future.

Course Outcome:

On completion of this course the participants will develop an ability to independently analyze and treat data, plan and carry out new research work based on their research interest. The course encompasses most of the major type of research techniques employed in academic and professional research which can be seen in syllabus.

Evaluation

Participants will be assessed on practical assignments and tests after the completion of training program. There will be both lab work and assignments.

Target Audience:

Graduate who want to master the skills of data analysis

Course Coordinator: Dr. Josheena Jose
