Dear Chackochan Joji,

I am very pleased to inform you of your admission to the Physics MS program at the University of Massachusetts Dartmouth. Your acceptance is for the Spring 2025 semester.

The Chancellor, Provost, deans, faculty, and students join me in congratulating you for possessing the personal and academic qualities that enabled you to gain admission to a UMass Dartmouth graduate program. We welcome you to the challenging academic environment that characterizes our university.

Because you are an international student who will need our authorization for the F-1 student visa, you must attend to some special matters. Specifically, if you accept the admission offer and want to enroll, you must submit documentation that proves you have sufficient financial support for us to issue the Form I-20 to you. Please log into the Applicant Portal and review the Enrollment Checklist. If you notice that a passport, official bank statement, and/or affidavit of support is missing, please upload the missing item(s).

We will send you a series of emails c/o chackochannellisery@gmail.com with instructions on next steps. Many of these steps are required for successful enrollment.

Please confirm your enrollment intentions by completing the Enrollment Form in the Applicant Portal. Please do this as soon as possible. Otherwise, we reserve the right to cancel your acceptance and award it to another candidate. Unless additional items are required (e.g., unless you are an international student who must still provide documents so we can issue the Form I-20), you can register for courses soon after you submit the Enrollment Form. New students may register at any time during the registration period; however, we encourage you to register as soon as possible because some courses do fill up quickly.

For course selection and advising matters, please contact the [Graduate Program Director](#), David Kagan.

If you are currently in a degree program that is prerequisite to ours, you must provide an official transcript notifying us of its successful completion before you start your first semester of study here.

Unfortunately, we are not able to offer you a graduate assistantship.

We look forward to your joining the UMass Dartmouth community as a graduate student,

and we wish you fulfillment and success in pursuit of your goals.

Sincerely,

Scott Webster
