INTRODUCTION

Peer Learning Group is an innovative and effective student support system initiated by Christ College Autonomous from 2020. The objective of the programme is to bridge the gap between advanced and slow learners and provide a viable learning atmosphere wherein individual student can benefit and grow according to their learning capacities. The attention given by the college in this regard is one of its kinds and ensures systematic methods for student learning. Along with common directions followed by the college, each department takes elaborate measures to affect student learning according to their subject specificities. Peer Learning Group (PLG) is one of the positive steps taken to bridge the gap between Slow and Fast learners. The first step in the PLG is to divide the class into smaller groups. Utmost care is given to maintain the slowest fast learner ratio such that each group has equal representation.
