**Part A**

Read the provided passage/poem and answer the following questions. Each question carries 2 marks.

Sports play a vital role in modern society, extending beyond mere entertainment. They foster physical and mental well-being, promote social cohesion, and drive economic growth. Participation in sports develops essential life skills such as teamwork, discipline, and resilience.

The physical benefits of sports are well-documented, reducing obesity, improving cardiovascular health, and enhancing cognitive function. Moreover, sports provide a platform for social interaction, building community relationships and bridging cultural divides.

Economically, sports contribute significantly to national GDP through tourism, sponsorship, and infrastructure development. Major sporting events like the Olympics and FIFA World Cup generate substantial revenue and stimulate local economies.

Furthermore, sports have a profound impact on individual and collective psychology. They inspire motivation, boost self-esteem, and provide a sense of achievement. Sports also serve as a tool for social change, addressing issues like racism, gender inequality, and disability rights.

In conclusion, sports are an integral part of human development, transcending their recreational value.

1. Identify the physical benefits of participating in sports. [Level:1] [CO2]
