Christ College was started in 1956, by the Devamatha Province of the Carmelites of Mary Immaculate (CMI), an indigenous religious congregation founded in 1831 by St. Kuriakose Elias Chavara, a saintly priest and versatile genius, who envisioned education as a tool for liberation and development. It offers an ideal vision of education that is aware of and responsive to the challenges of the nation's present situation.

The Department of Mathematics was established in 1956. The Department started the under graduate programme in Mathematics in 1963. M.Sc Mathematics Course was started in 2012, as a monumental course of Golden Jubilee Celebration of the Department.
