REVISED CURRICULUM OF BACHELOR OF SOCIAL WORK PROGRAMME EFFECTIVE FROM 2019 ADMISSIONS

INTRODUCTION

Social work originates from humanitarian ideals and democratic philosophy and has universal application to meet human needs arising from personal, societal interactions and to develop human potential. Its primary mission is to enhance human well being and help meet the basic human needs of all people, with particular attention to the needs and empowerment of people who are vulnerable, oppressed, and living in poverty. The profession focuses on individual well being in a social context and the well being of the society. It also devotes great attention to the environmental forces that create, contribute to, and address problems in living. (NASW,1996).

Professional social workers are dedicated to service for the welfare and self realisation of human beings, the disciplined use of scientific knowledge regarding human and societal behaviour, to the development of resources to meet individual, group and community needs and to the achievement of social justice.

The BSW programme aims at imparting the knowledge, skills and attitudes necessary for the practice of this profession. The curriculum is designed so as to help the students to acquire these through a combination of theoretical inputs and practice opportunities spreads over six semesters. It also has an interdisciplinary content and has drawn from the disciplines of sociology, psychology and anthropology.

Programme Objectives:

1. To equip students with knowledge, values, and skills required for basic level social work practice and entry to and success in post graduate programmes
2. To sensitize the learners about the contemporary socio-economic and cultural realities through class room and field-based learning
3. To impart training in interdisciplinary domains to help students to effectively practice social work
4. To develop understanding and integration of social work theories and practice.
5. To provide opportunities to students to serve in social work settings so that they learn to work with diverse groups.
6. To train the students to become effective change agents in their practice settings.

BSW PROGRAMME GENERAL GUIDELINES

Ability enhancement courses/audit courses

These are courses which are mandatory for a programme but not counted for the calculation of SGPA or CGPA. There shall be one Audit course each in the first four semesters. These courses are not meant for class room study. The students can attain only pass (Grade P) for these courses. At the end of each semester there shall be examination conducted by the college from a pool of questions (Question Bank) set by the University. The students can also attain these credits through online courses like SWAYAM, MOOC etc (optional). The list of passed students must be sent to the University from the colleges at least before the fifth semester examination. The list of courses in each semester with credits are given below.

Course with Credit		Semester
Environment Studies – 4		1
Disaster Management - 4		2
*Human Rights/Intellectual Property Rights/ Consumer Protection -4		3
*Gender Studies/Gerontology-4		4

* Colleges can opt any one of the courses.

Assessment and Evaluation

The evaluation scheme for each course shall contain two parts

1. Internal assessment
2. External Evaluation

20% weight shall be given to the internal assessment. The remaining 80% weight shall be for the external evaluation.

Internal Assessment

20% of the total marks in each course is for internal examinations. The internal assessment shall be based on a predetermined transparent system involving written tests, Class room participation based on attendance in respect of theory courses and lab involvement/records attendance in respect of Practical Courses. Internal assessment of the project will be based on its content, method of presentation, final conclusion and orientation to research aptitude. (Guidelines in Annexure I)

Components with percentage of marks of Internal Evaluation of Theory Courses

Components	Percentage of marks
Test Paper	40%
Assignment	20%
Seminar	20%
Class room participation based on attendance	20%.

For the test paper marks, at least one test paper should be conducted. If more test papers are conducted, the mark of the best one should be taken. To ensure transparency of the evaluation process, the internal assessment marks awarded to the students in each course in a semester shall be notified on the notice board at least one week before the commencement of external examination. There shall not be any chance for improvement for internal marks. The course teacher(s) shall maintain the academic record of each student registered for the course, which shall be forwarded to the University by the college Principal after obtaining the signature of both course teacher and Head of the Department.

The split up of marks for Test paper and Class Room Participation (CRP) for internal evaluation are as follows.

Split up of Marks for Test paper

Range of Marks in Test Paper	Out of 8 (Maximum internal Marks is 20)	Out of 6 (Maximum internal marks is 15)
Less than 35%	1	
35% - 45%	2	2
45% - 55%	3	3
55% - 65%	4	4
65% - 85%	5	6
85% - 100%	8	6

Split up of Marks for Class Room Participation

Range of CRP	Out of 4 (Maximum internal Marks is 20)	Out of 3 (Maximum internal mark is 15)
$50\% \leq \text{CRP} < 75\%$	1	1
$75\% \leq \text{CRP} < 85\%$	2	2

External Evaluation

External evaluation carries 80% of marks. The external question papers may be of uniform pattern with 80/60 marks (The pattern is given in the Annexure III). The courses with 2/3 credits will have an external examination of 2 hours duration with 60 marks and courses with 4/5 credits will have an external examination of 2.5 hours duration with 80 marks.

Indirect Grading System

Indirect grading System based on a 10-point scale is used to evaluate the performance of students. Each course is evaluated by assigning marks with a letter grade (O, A+, A, B+, B, C, P, F, I or Ab) to that course by the method of indirect grading. An aggregate of P grade (after external and internal put together) is required in each course for a pass and also for awarding a degree (A minimum of 20% marks in external evaluation is needed for a pass in a course. But no separate pass minimum is needed for internal evaluation).

After the successful completion of a semester, Semester Grade Point Average (SGPA) of a student in that semester is calculated using the formula given below. For the successful completion of a semester, a student should pass all courses. However, a student is permitted to move to the next semester irrespective of SGPA obtained.

SGPA of the student in that semester is calculated using the formula

$$\text{SGPA} = \frac{\text{Sum of the credit points of all courses in a semester}}{\text{Total credits in that semester}}$$

The Cumulative Grade Point Average (CGPA) of the student is calculated at the end of a programme. The CGPA of a student determines the overall academic level of the student in a programme and is the criterion for ranking the students.

CGPA can be calculated by the following formula.

$$\text{CGPA} = \frac{\text{Total credit points obtained in six semesters}}{\text{Total credits acquired (120)}}$$

SGPA and CGPA shall be rounded off to three decimal places. CGPA determines the broad academic level of the student in a programme and is the index for ranking students (in terms of grade points). An overall letter grade (cumulative grade) for the entire programme shall be awarded to a student depending on her/his CGPA

Project

As part of the requirements for BSW Programme every student must do a project either individually or as a group, under the supervision of a teacher. Project work is meant for providing an opportunity to approach and study a problem in a systematic and scientific manner. It provides them an opportunity to apply the tools they have studied and learn the art of conducting a study and presenting the report in a structured way. The report of the project, completed in every respect, is to be submitted to the department for valuation by the examiners appointed by the University.

Guidelines for Project – Annexure II

Annexure-1

Method of Indirect Grading

Evaluation (both internal and external) is carried out using Mark system. The Grade on the basis of total internal and external marks will be indicated for each course, for each semester and for the entire programme.

Indirect Grading System in 10 -point scale is as below:

Ten Point Indirect Grading System

Percentage of Marks (Both Internal & External put together)	Grade	Interpretation	Grade point Average (G)	Range of grade points	Class
95 and above	O	Outstanding	10	9.5 -10	First Class with Distinction
85 to below 95	A+	Excellent	9	8.5 -9.49	
75 to below 85	A	Very good	8	7.5 -8.49	
65 to below 75	B+	Good	7	6.5 -7.49	First Class
55 to below 65	B	Satisfactory	6	5.5 -6.49	Second Class
45 to below 55	C	Average	5	4.5 -5.49	
35 to below 45	D	Pass	4	3.5 -4.49	
Below 35	F	Failure	0	0	Fail
Incomplete	I	Incomplete	0	0	Fail
Absent	Ab	Absent	0	0	Fail

Example – 1 SGPA Calculation

Semester I	Course Name	Grade Obtained	Grade point (G)	Credit (C)	Credit point (CXG)
Course Code					
xxxxxxx	Xxxxxxx	A	8	4	32
xxxxxxx	Xxxxxxxxx x	C	5	3	15
xxxxxxx	Xxxxxxxxx x	A+	9	4	36
xxxxxxx	Xxxxxxxxx x	B+	7	3	21
xxxxxxx	Xxxxxxxxx	P	4	3	12
xxxxxxx	Xxxxxxxxx	C	5	4	20

SGPA = $\frac{\text{Sum of the Credit points of all courses in a semester}}{\text{Total Credits in that semester}}$

$$\text{SGPA} = \frac{32+15+36+21+12+20}{21} = \frac{136}{21}$$

SGPA = 6.476

Percentage of marks of semester I = $(\text{SGPA}/10) \times 100 = 64.76\%$

Note: The SGPA is corrected to three decimal points and the percentage of marks shall be approximated to two decimal points.

Example: 2

Semester II	Course Name	Grade Obtained	Grade point (G)	Credit (C)	Credit point (CXG)
Course Code					
xxxxxxx	Xxxxxxx	A	8	4	32
xxxxxxx	Xxxxxxxxx x	C	5	3	15
xxxxxxx	Xxxxxxxxx x	A+	9	4	36
xxxxxxx	Xxxxxxxxx x	B+	7	3	21
xxxxxxx*	Xxxxxxxxx	F	0	3	0
xxxxxxx	Xxxxxxxxx	C	5	4	20

*Failed course

Note: In the event a candidate failing to secure 'P' grade in any Course in a semester, consolidation of SGPA and CGPA will be made only after obtaining 'P' grade in the failed Course in the subsequent appearance.
