Question Bank Creation

Audit courses are compulsory courses for the completion of ug programs. When the university introduced audit courses in 2019, IQAC decided to deliver the classes through Open course Ware and conduct exams on the Moodle platform. Students can access the course contents from Christ Open Course Ware(OCW).Course evaluation process was conducted through Christ Moodle LMS.For this, we implemented the question banks for each course separately. These question banks are specially designed to select randomly chosen questions from the pool. Banks will be updated by the corresponding course-in-charges periodically.

Course Enrollment

Around 1100 students get enrolled in audit courses every year. Once the exam date is declared by the principal, the ICT team will provide a mock test for the students to make them comfortable with the Moodle platform. If they have any trouble with Moodle platform they can immediately contact ICT Team for support. After completing the mock tests students can attend final exams confidently.
